

Continuous Acting Air Release and Vacuum Relief Valve

1" & 2" BSPM Plastic CARV

Features

- Continuous Air Release/ Vacuum Relief
- Due to the specially designed seal & a low density float this product becomes water tight in both highly pressurized or low pressure conditions
- Facilitates the release of air which enters the pipeline during startup operations or is left over in the system
- UV protected bright colour top allows easy visibility
- Easy to install

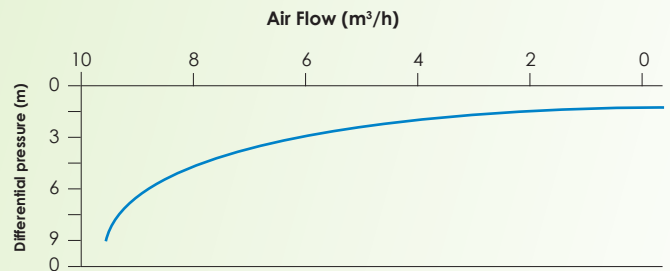

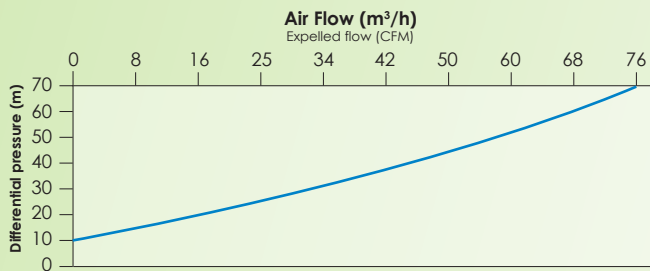

Specifications

- Available in:
1" BSPM thread connection: AQ-88CP
2" BSPM thread connection: AQ-90CP
- Manufactured out of durable, weather resistant and non-corrosive reinforced Polyamide (nylon)
- Minimum sealing pressure: 0.35 bar
- Working pressure: 0.35 bar - 12.0 bar
- Threaded Elbow outlet
